

FOR IMMEDIATE RELEASE
February 24, 2020

Effective Monday, March 2, 2020, public entering the Miami County Safety Building will pass through a security checkpoint (metal detector and x-ray machine) staffed by sheriff deputies. The public is to enter the Safety Building from the Plaza (west side) which is handicap accessible – there will be no public access from the east side of the Safety Building. Weapons are prohibited from entering the building. The public is asked to minimize the items brought into the Safety Building in order to speed up screening efforts.
