Dear District 11 Executive Committee:

Subject: Proposed FY27 Award  
Yellow Springs-Fairfield Road Storm Improvements  
Village of Yellow Springs

On behalf of the Village of Yellow Springs, I am writing to formally request a modification to our current Ohio Public Works Commission (OPWC) award. The Village respectfully requests that \$47,770 previously allocated to the construction phase of our project be reallocated to the engineering phase.

Reallocating these funds will allow the engineering phase to be fully funded and will support a more accurate, constructible, and cost-effective final project design. This request does not alter the overall scope, schedule, or total OPWC funding amount for the project. Rather, it shifts a portion of the approved award to better align with actual expenditures and to ensure the Village can complete all required engineering tasks prior to bidding.

The Village appreciates District 11's continued support and oversight of this project. Please let us know if any additional documentation is required to complete this request.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read "Johnnie Burns".
